Melanie is representing BCGS as part of the BCA Division V Health Committee. She reported that there is currently a clinical trials study underway at UC Davis on Cleft Lip and/or Palate. The study is to identify the genes responsible for these birth defects and to prevent them in future litters. To participate in the study you would send in a whole blood sample for DNA analysis. The flyer will be attached to the meeting minutes with contact information or you can contact Melanie Trichler directly.

At the April 4th BCGS club meeting, Melanie will led the discussion and give a presentation on Health Screening and the Ambassador for Health Program.

## BCA Nationals Report: Jeff Ryman

Planning for Nationals is progressing nicely. Still looking for volunteers so please get in touch with Jeff or Winn if you would like to help. Jeff reported that there are now scheduled educational and health programs to be held during Nationals. The merchandise is selling very well. Jeff mentioned that they are unable to order more of the screened printed items until what is currently available sells out. It's not cost effective to order more due to the expense of the screen print. A question was asked about the age limit for the Veterans Class for Nationals; Jeff will look into what the minimum age for veterans will be for the Show.

## Seattle Kennel Club Breed Booth and Meet the Breed

Volunteers are set for both the Breed Booth and Meet the Breed. Set up will begin on Friday at 5:00 pm.

## BCGS 2016 Scheduled Activities

## BCGS BREED BOOTH & MEET THE BREED SEATTLE KENNEL CLUB SHOW MARCH 12-13<sup>th</sup>

The bulldogs were once again a big draw during meet the breed and at our breed booth during the Seattle Kennel Club Show in downtown Seattle. This was a great opportunity to answer questions and showcase our wonderful breed. I want to personally thank all those who participated in both events and a special thanks to those who fought Seattle Friday night rush hour traffic to set up the booth.
