What's Inside

- August Meeting Minutes
- Slobberfest 2017
- Halloween Party
- DNA TESTING FOR CYSTINURIA & HUU
- 2017 BCA National Raffle
- Ambassador for Health Award Program
- Show Results

Meeting called to order at 7:28 p.m.

Members present: Trish & Len Whitney, Gail & Ed Harris, Sandy Fisher, Jay Serion, Brian Nolan. Joining via conferencing: Sherri Feeney.

No guests present.

No education.

Approval of Agenda

Minutes Approval: July meeting minutes approved.

Officer reports-

President: Gail Harris Ordered 50 Men's and Woman's t-shirts in various sizes and colors. Will fold them up and keep them in ziplock bags for storing.

V-president: no report

Secretary- no report

Treasurer: Gave \$50 to Jeff Ryman. Received \$150.00 back from Puyallup Cluster. Renewed insurance policy. Any volunteers are not covered. Need to look into officer liability coverage. Sandy handed out a profit and loss statement from 2010 to current. Bank balance-net income-specialty show gain/losses. All 8 years. Discussion on having major fundraisers which we did in the years 2010-2012. The quilt was a big one at the 2011 specialty show. We have 85 members with 59 memberships sold. Discussed slobberfest t-shirt costs. Gail thanked Sandy for putting this statement together.

Old Business:

Discussion on ways to raise funds for the club. We set a goal of bringing in \$1000.00. \$450.00 in t-shirts. An online auction for fundraising for our show.

Question was asked about how do we get new members? And keep our expenses down. Discussion and ideas, such as social media to promote shows instead of paying for ads. Breeders signing up new puppy buyers as members. A promo idea for new members of getting a t-shirt for 1/2 price.

2018 Specialty show- Jay Serion show chairman: our three judges are Dr. John Little, Zach Lane, Dara Carr. Sweeps judges- we need to come up with some names. Look on the BCA website to see of people looking for assignments who would like to judge. We'd like to come up with 5 names through email this week. Haven't heard back from Puyallup Cluster on all breed judges for the back-up show yet. Looking into eliminating bulldogger advertising for the show. Looking for a theme for next years show. Motion and approved to use: Running of the Bulls as the theme. Reservation to be made at the Ram for the banquet. Randy Roberts will be our show photographer.

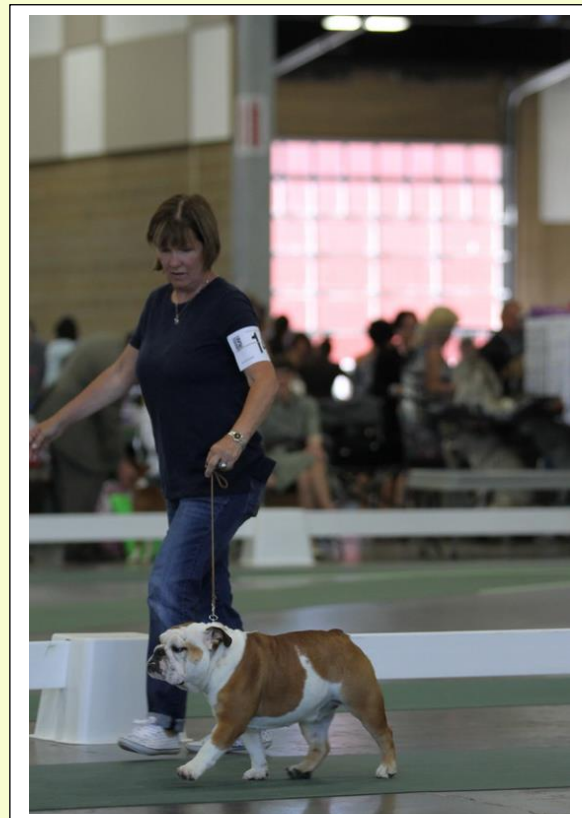

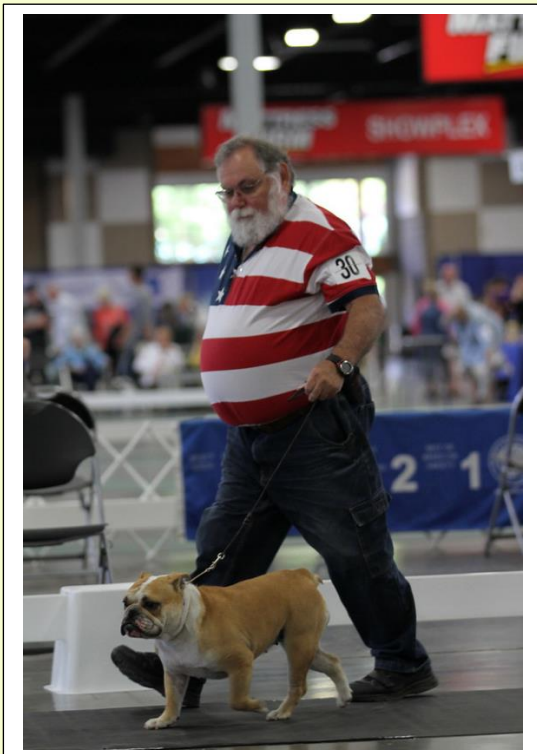

Slobberfest Sept. 9 2017-Marymoor Park: Cathy Wilbert from Bullhaven NW will assist with Slobberfest. Sandy has ordered (and donated?) a 4x8 banner for education at our events. There will be gift bags for the first 50 attendees at Slobberfest. Animal Emergency will be there. There will be raffle baskets filled with various donations. Hopefully a microchip clinic, nail dremeling, American Ninja Bully contest with tire jump, weave poles, etc. A wet bathing suit contest-for bully's. Longest shortest tail contest, and various others, like years in the past. (Pool?) photographer will be there for candid shots. Bulldog Haven is doing the BBQ. Would like to put flyers up in local pet shops. Sandy and Gail will be putting flyers up advertising Slobberfest.

The BCGS obedience trial will be on 12/09/2017 in Bow, Washington. Cheryl Knapp has secured our location. It has limited parking as well as a smaller indoor facility, so we are limited on entries. We will look into Argus Ranch and try to secure their facility for a large stand alone obedience trial in the future.

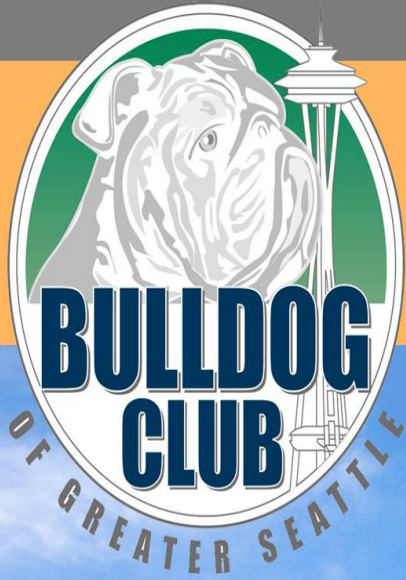

Halloween Party: Sandy has created a flyer and event for the party to be held on Oct. 22nd at Paws-a-bilities in Fife, Washington.

Discussion was continued on ideas of bringing in more members and revenue into the club. Such as 4-6 month puppy matches. Inviting BullHaven people/volunteers to join our club. Having health clinics and what kinds? Len brought up shirt tailing BullHaven events since they are so active. Doing World of Dogs. Inviting BullHaven to co-host our Halloween party.

Motion to Adjourn.

DNA TESTING FOR CYSTINURIA & HUU Cheryl Knapp

I was recently made very aware of the widespread and potentially life-threatening problem of Cystine stone formation in Bulldogs after returning home from the Rose City shows where my 3.5-year-old male had just earned his first major. The excitement of our success was soon overshadowed by the news that our boy was suffering from Cystine stones. He was rushed into surgery where the blockage was removed and neutering was performed to hopefully prevent any recurrences in the future. Pirate had received a BCA Platinum Ambassador for Health Award at the 2016 Nationals and was HUU clear by parentage, but we had not yet done the newly developed test for Cystinuria Type III. He was the picture of health with Coursing Ability and Rally Novice titles under his belt and was just coming into his own in the breed ring.

The BCA Health Committee has recently added two DNA tests to the Ambassador for Health program--the HUU (Hyperuricosuria) and the Cystinuria Type III. Both of these debilitating diseases have been found to be fairly prevalent in our breed but with a simple cheek swab DNA test that can be done on puppies as young as three weeks old, breeders can make informed choices in their breeding programs and take steps to eliminate these issues.

Cystinuria is a genetic defect in which the kidney is not able to process a basic amino acid, cystine, correctly. Affected dogs are born with this condition but in most cases, it takes many years before things get bad enough to be noticeable. Over time, the unprocessed cystine in the urine clumps together to form stones which can block the urinary tract. This is a life-threatening condition and requires surgery. Type III Cystinuria, the type common in Bulldogs, is known to be triggered by testosterone so it seems to only affect intact male dogs. Bitches may not present with stones but can also have two markers of the gene and should be considered as "affected".

The initial studies for Cystinuria were conducted by the University of Pennsylvania and their test has proven to be much more reliable than some of the others. The test is

called "*Type 3 Cystinuria-Associated Marker*". The cost is \$75 per test but there is a discount litter rate when submitting 3 or more pups from the same litter, with a maximum cost per litter. You'll need to make a note in the "Comments/Clinical signs" box that the submission is for a litter mate when ordering the test - i.e Litter mate 1 of 6, litter mate 2 of 6, etc - and the cost will be adjusted before your card is charged. The PennGen test ordering interface is pretty clunky & takes a while to figure out the 1st time you use it. You'll need to set up a personal account, then add each dog & then order the test by clicking on "Create a Submission" in that dog's record. Also, PennGen does not include swabs or brushes in their test so these must be ordered separately at: www.ezswabs.com or www.dnakit.eu

<http://research.vet.upenn.edu/penngen/AvailableTests/TestsAvailableatPennGen/tabid/8242/Default.aspx>

The test is also offered through VetGen at the link below for \$65 and these do include the two swabs needed for the test:

<http://vetgen.com/canine-cystinuria.html>

Hyperuricosuria (HUU) basically means elevated levels of uric acid in the urine. This trait predisposes dogs to form stones in their bladders or sometimes kidneys. These stones often must be removed surgically and can be difficult to treat.

GenSol Diagnostics offers the HUU test for \$40 with a discount of just \$30 if you order 5 or more tests. (You can always order several test kits and save them to use later) <http://www.gensoldx.com/breed-list/?breed-category=bulldog>

Below is a diagram showing the results from breeding dogs with Clear (no copies of the gene), Carrier (one copy of the gene) or Affected (two copies of the gene) This table was designed with HUU in mind, but the same basic principles apply when dealing with Cystinuria.

There are detailed instructions for collecting the swab/brush samples on your dog or puppy on the various websites as well as on the paperwork but the basic thing to remember is that the animal must be isolated from other dogs/littermates and not have food, toys, etc. that could contaminate the sample for at least 3 hours prior. Care must be taken when handling the swab/brush so that the only thing it touches is the inside of the animal's cheek being tested and the package it is held in. Swabs must air dry (do

NOT blow on them!) for 20 minutes before placing them back into the packaging for mailing to the lab. Once your samples are sent off the lab generally takes a couple weeks to process the samples and your results will be emailed and/or mailed to you.

With minimal effort, we could easily eliminate these two devastating diseases in our breeding animals in just a few generations. Kudos to those in our Division who have been paving the way to making this a reality! And for those working towards various BCA AFH Awards, the new requirements state that you can earn credit for these two DNA tests whether or not your dog/bitch is determined to be clear--as long as the test results are submitted to the OFA site. While we may not have perfect results on a particular animal, we can use what we learn to make wise decisions in our breeding program and improve the next generation of our beloved breed. After all, that's what health-testing is all about.

Remember that the deadline for submitting your BCA Ambassador for Health Awards is earlier this year! With Nationals being held in early October, that means that AFH submissions must be received by no later than September 1st!

Cheryl Knapp
BCA Div V Health Committee Member

BULLDOG HUU Breeding Table

Breeding Combination	Outcome of Puppies Born	Acceptable Breeding Practices
CLEAR x CLEAR	All puppies born will be HEREDIARTY CLEAR (no need to test offspring)	YES Offspring can be bred from and will not suffer from Urate stones
CLEAR x CARRIER	Each puppy has a 50% chance of being a CLEAR and 50% chance a CARRIER (Testing will be required to determine status)	YES Offspring can be bred from and will not suffer from Urate stones
CLEAR x AFFECTED	All puppies born will be HEREDIARTY CARRIERS (no need to test offspring)	YES Offspring can be bred from and will not suffer from HUU stones
CARRIER x CARRIER	Each puppy has a 50% chance of being a CARRIER , 25% chance a CLEAR or 25% chance AFFECTED (Testing will be required to determine status)	NO 25% chance a puppy may suffer from HUU (Urate) stones
CARRIER x AFFECTED	Each puppy has a 50% chance of being AFFECTED and 50% chance a CARRIER (Testing will be required to determine status)	NO 50% chance a puppy may suffer from HUU (Urate) stones
AFFECTED x AFFECTED	All puppies born will be HEREDIARTY AFFECTED (no need to test offspring)	NO All puppies may suffer from HUU (Urate) stones

2017 BCA National Week Division 2 Raffle Drawing

GRAND PRIZE DRAWING

Friday, October 13, 2017

GRAND PRIZE

\$100,000.00

2nd Prize 3rd Prize

\$20,000 \$10,000

4th Prize 5th Prize

\$5,000.00 \$5,000.00

6th-10th

\$2,000.00

Enter today for a chance to win

A GRAND PRIZE OF \$100,000.00

2ND PRIZE OF \$20,000.00!

Or one of eight other cash prizes!

- Only 3,000 tickets @ \$100.00 USD each will be sold, so enter for your chance to win one of our great cash prizes today! Proceeds to benefit Bulldog Club of America, Division II Nationals.
- Raffle Drawing will be held Friday, October 13, 2017 at Pheasant Run Resort, St. Charles, Illinois, 60174. Winner need not be present to win.

- All entries must be received before 11:59 p.m. on Friday, October 6, 2017. A complete set of rules and information is listed online.
- All entrants receive written confirmation as mail allows. For additional information please visit the raffle page of our website at: <http://2017bcanationals.org/raffle/>. or email the Raffle Chairman, Kelley Ensminger @: acebullies@gmail.com
- You must be 18 years of age to enter. Only one name may appear on each entry. Winners will need to provide a social security number and photo identification to claim prizes. All prizes require taxes to be withheld.

The Fine Print

Drawing will be held on Friday, October 13, 2017, at BCA Awards Banquet, Pheasant Run Resort, 4051 East Main Street, St. Charles, Illinois 60174. Need not be present to win, not open to the public. The order of the drawing will be the 1 alternate (not announced), then the 10th prize will be drawn and announced first, then going forward to Grand/First prize. In the event BCA Division II Nationals does not sell a minimum of 3000 chances on or before Friday, October 6, 2017, we reserve the right to withdraw publicized prizes and the proceeds received by that date will be split 50/50 between BCA Division II and a single winner. The sale of chances and the drawing will both be monitored by Ann Ulberg, BCA National Show Treasurer. The Monitor and the Raffle Chairman and their families are not eligible to enter. ONLY ONE NAME MAY APPEAR ON THE ENTRY FORM. Entrants must be 18 years of age. In the event that two or more persons wish to pool their money and share one entry form, only one name, social security number will be awarded. The disbursement of the prize after the winner is announced is solely the responsibility of the winner. Corporations with a tax ID # may enter as one entity. Multiple entries cannot be noted on an individual registration, so if a person is interested in entering more than once, then they simply must detail the number of entries requested at \$100 USD per entry. All chances will be sold on a first-come, first served basis. Opportunities to purchase chances will be offered only online.

Those entries received after the 3,000 have been registered will have their money returned in the form of a check along with a note of thanks for their support. The first 3,000 received with payment will be mailed a confirmation card which states they are officially entered. Winners will be notified by phone.

Prizes will be distributed by mail within two weeks after contact with winners has been established. Entries are void where prohibited and no refund will be given. All prizes will be paid in USD. Any conversion fees and expenses will be the responsibility of the winner(s). BCA Division II will post winners on the website immediately following contact with winners. In the event we are unable to contact a winner, the alternate winner will be chosen.

All winners must provide BCA Division II with the information for a W-9, including social security numbers, etc., in order to withhold required federal taxes. Proceeds benefit Bulldog Club of America, Division II Nationals. Thank you for your participation! Any questions or concerns? Contact: Kelley Ensminger, Raffle Chairman, BCA Division II Nationals 2017 @ acebullies@gmail.com or by mail: 1104 Oak Hill Street, Normal, IL 61761, or Ann Ulberg, BCA National's Treasurer @ hiddenhillbulldogs@sbcglobal.net or by mail: 6075 Ashley Lane, Middleville, MI 49333.

Bulldog Club of America Ambassador for Health Award Program

The purpose of the BCA Ambassador for Health Award program is to promote betterment of the Breed through health testing by recognizing Bulldogs, owned by BCA members, which have met specific health testing requirements.

Overview and Deadline:

Each eligible Bulldog will be awarded a certificate suitable for framing which indicates the level of achievement and details the health certifications the dog has successfully completed. Certificates will be awarded annually to all Bulldogs whose owners have submitted a completed application and the required verification to the Health Committee by the deadline date. In order to be recognized as an Ambassador for Health and/or Health Pioneer Award recipient at the BCA Nationals, completed applications must be received by the 1st day of the month immediately preceding the month in which that year's Nationals is scheduled. **For 2017, because Nationals will be held in October, the application deadline is September 1.**

***NEW* Levels and Requirements (NEW DIAMOND LEVEL!):**

Bronze: Successful completion of any four eligible certifications/DNA screenings

Silver: Successful completion of any five eligible certifications/DNA screenings

Gold: Successful completion of any six eligible certifications/DNA screenings

Platinum: Successful completion any seven eligible certifications/DNA screenings

Diamond: Successful completion of all eligible certifications/DNA screenings

Eligible Certifications:

OFA Congenital Cardiac (all certifications accepted, Echo preferred)

OFA Patellar Luxation

OFA Tracheal Hypoplasia

OFA Thyroid

OFA Elbow Dysplasia

OFA Hip Dysplasia

Eligible DNA based health screenings:

Hyperuricosuria (HUU)

Type 3 Cystinuria DNA Marker

Passing results are required on all tests (passing is defined by OFA and an OFA certificate must have been issued) for the Ambassador for Health Award. All tests must be submitted to OFA and be part of their public database.

Age Requirements:

Congenital Cardiac, Patellar Luxation, Tracheal Hypoplasia & Thyroid:

Dogs must be 12 months of age or older on the date of the examination.

Hips/Elbow Dysplasia:

Dogs must be 24 months of age or older at the time of the radiography.

Bulldog Club of America **Ambassador for Health Award Program**

The purpose of the BCA Ambassador for Health Award program is to promote betterment of the Breed through health testing by recognizing Bulldogs, owned by BCA members, which have met specific health testing requirements.

Application Requirements:

The Bulldog that is applying for the Ambassador for Health Award must be owned or co-owned by a BCA member in good standing. If the dog is co-owned, the co-owner who is a member of BCA must submit the application. It is not necessary to be a BCA member at the time the tests were performed.

All awards are designed to be a one-time award for each recipient, rather than a recurring, annual award. Additional levels may be applied for the next year provided all verification is received by the Health Committee by the deadline date and the recognition award will be given at the appropriate upgraded level.

Pioneers of Health:

In addition, any Bulldog receiving an Ambassador for Health Award that has also participated in any BCA-initiated or recognized health research project will also receive a Health Pioneer designation which will be included on their Ambassador for Health certificate.

- OFA EYE is considered part of the Health Pioneer recognition since at this time the Ambassador for Health program is comprised of permanent certifications. A passing OFA EYE certificate that is current the calendar year of the award is required. All tests must be submitted to OFA and be part of their public database.
- Certificates for BAER hearing testing, CHIC DNA repository and OFA Spinal Database may also be submitted for inclusion in the Health Pioneer designation.
- Proof of participation is required for any other BCA-initiated health studies in order to be included in the Health Pioneer designation.

The Health Pioneer can also be applied for as a stand-alone certificate. However, OFA EYE certification will not be considered for the stand-alone certification.

To apply, access the Ambassador for Health Award application online at:

http://www.bulldogclubofamerica.org/pdf/bca_ambassador_for_health_application_rev12072619_07201413073605082015081617.pdf

Any questions, please contact your Division V Health Committee representative, Melanie Trichler, at mnbulldogs@comcast.net or 206-755-1289.
